The Power of 1 in 7.5 Billion: Authenticity in Personal Branding

We are all living, breathing representations of our personal brands. Flaws, strengths, failures, wins – embracing and owning every part of us is essential to authentically showing up in the world.

Boss Up!

Entrepreneurial Prowess in the Workplace

The perceptions and realities of the banal workplace narrative are prevalent. However, adopting an entrepreneurial mindset transforms the workplace narrative, creating a sense of ownership for employees and profit for employers.

Increase Sales by Selling to Humans, Not Robots

Many times we equate sales with being “salesy”, creating a false persona to trick people into buying. However, to successfully employ the ‘Know Like Trust’ marketing concept, human connection curated by authenticity, value and purpose must be at the core.
